Classification selon le niveau de risque

Quelques précisions

- Depuis le 2 Février 2025 : Article 4 AI literacy + IA prohibées
- Toutes les autorités nationales et lois nationales ne sont pas encore désignées et votées
- Les standards de mise en conformité ne sont pas encore disponibles
- Pour les infrastructures critiques : un mécanisme de notification d'incident grave est prévu (art73), un alignement avec NIS 2 est en cours de discussion
- L'IA Act prévoit la création d'une sandbox réglementaire
- Plusieurs rapports nationaux sont exigés du règlement et notamment concernant la concurrence
